INDEX TO VOLUME 76

The following index to the 1963 pages of *JAF* serves as a continuation of *An Analytical Index to the Journal of American Folklore Vols. 1-67, 68, 69, 70* Bibliographical and Special Series of the American Folklore Society Volume VII (Philadelphia, 1958) and of the *Indexes* to Volumes 71-75 (1958-1962) published in the respective October-December issues. The classification system used is explained in detail in the introductory essay to *An Analytical Index*. Here it will suffice to remind the reader that the symbol (R) refers to a book review, the symbol S to the yearly *Supplement*, and brackets around the title of a recording reviewed indicate that the exact title of the record was not given. Again motifs classified by Stith Thompson in his *Motif-Index of Folk-Literature* are indexed according to that system when so labelled in *JAF*. Otherwise, the special system used in Part 8 of *An Analytical Index* is followed.

Additions and corrections to An Analytical Index appeared on pages 65-66 of the 1959 *Supplement*.
